5. RIGHTS OF OTHERS.

This License is made without any warranty of Licensor's title and subject to such rights of others as may appear of record or be apparent from inspection. Without limiting the foregoing, Licensee acknowledges that nearby owners of property may have non-exclusive rights to access the Project waters, and/or may be using the Property without such rights.

6. COMPLIANCE WITH LAWS.

- A. Licensee understands FERC requires that (i) use of Project land and/or waters by third parties pursuant to a license issued by Licensor not endanger health, create a nuisance, or otherwise be incompatible with overall Project recreational use, (ii) any such third parties take all reasonable precautions to ensure that the construction, operation, and maintenance of structures and facilities covered by any license from Licensor occur in a manner that protects the scenic, recreational, and other environmental values of the Projects, and (iii) any such third parties not restrict public access to Project lands and/or waters.
- B. Licensee at its sole cost and expense shall comply with all local, county, state or federal laws, codes or ordinances of any description applicable to the Facility and Licensee's Use of the Property including but not limited to zoning, building, engineering, sanitation, health, wetlands, or other environmental laws, and shall promptly remedy any breach of the same. As a condition of entering into the License Agreement, Licensee shall provide evidence reasonably satisfactory to FirstLight that all required consents and permits are in force for Licensee's Use.
- C. Licensee understands and agrees that the FERC reserves the right to require FirstLight to take reasonable remedial action to correct any violations for the protection and enhancement of the Project's scenic, recreational and other environmental values. Licensee shall promptly remedy Licensee's breach of any law, regulation, permit, license, or term or condition of this License Agreement with respect to the Property or the Facility, at Licensee's sole cost and expense. If Licensee fails or refuses to comply or remedy any such breach, then any cost and expense incurred by FirstLight in effecting such compliance or remediating any such breach shall be immediately reimbursed by Licensee upon demand.
- D. Licensee shall not at any time use or store or allow to be released or discharged any pollutant, "hazardous waste" or "hazardous substance" (as those terms may be defined by any applicable federal, state or local law, rule or regulation, or oil, petroleum, chemical liquids or other solid, liquid or gaseous substance determined by any governmental authority to be hazardous to the environment) (collectively "Hazardous Substances") on the Property, except of such types and in such quantities and containers as are reasonably necessary for the use of the Property as contemplated herein (for example, gasoline for lawnmowers or boats) and are stored in amounts and containers permitted by applicable environmental, health and safety laws and regulations. Upon FirstLight's request, Licensee shall provide evidence reasonably satisfactory to FirstLight that all required consents or permits are in force for Licensee's Use of the Property.
- E. Licensor shall conduct, or cause to be conducted, such environmental inspections, site

assessments and tests at such times and to such extent as required by law or any regulatory agency or as reasonably warranted due to the use of the Property by the Licensee, to monitor the environmental conditions of the Property and the adjacent waters, provided that such inspections, site assessments, and tests shall not unreasonably interfere with Licensee's use and enjoyment of the Property and the adjacent waters. Licensee shall bear the full cost and expense of any such inspections, site assessments and tests, including any related laboratory fees. Licensee shall indemnify and hold Licensor harmless from and against any claims, suits, demands, penalties, fines, liabilities, settlements, damages, judgments, costs, interest and expenses, including without limitation, attorneys', consultants' and laboratory fees, incurred in connection with or arising out of the presence, disposal, release or threatened release of any Hazardous Substances on the Property or to the adjacent waters from use of the Property by Licensee or those otherwise permitted on the Property by Licensee, any required clean-up or other remedial action on the Property and/or a lien on the Property in favor of any governmental authority for clean-up or other remedial action for such use by such parties.

- F. In the event that archeological materials or human remains are found by Licensee or any party acting on behalf of Licensee during any ground-disturbing activities at or near the Property or the Project, Licensee shall stop such activity immediately and notify FirstLight of such findings. No such further activity shall be permitted until FirstLight has concluded its investigation of the findings with the assistance of the State Historic Preservation Officer.

7. PRIORITY OF FIRSTLIGHT OPERATIONS AND RIGHT TO ENTER.

- A. Licensee acknowledges that the License is subject to the terms and conditions imposed by the FERC Project licenses or to be imposed by FERC in connection with any order relative to or affecting this License or any new license issued by FERC for the Project during the term of the License. FirstLight shall have the right to impose additional conditions upon Licensee's use of the Property to assure the safety of FirstLight's facilities which are presently or may in the future be located within or in the vicinity of the Property. Licensee shall permit equal and unobstructed use of the Property by all members of the public regardless of race, creed, religion or sexual orientation.

draining of the Project waters) in connection with the operation of the FERC Projects listed in the DEFINED TERMS.

- D. FirstLight shall have the right, at any time and without liability or compensation to Licensee, to enter and use the Property for its business purposes, and to install, use, repair, maintain, relocate and remove facilities that presently exist or may in the future be located within the Property as part of FirstLight's business operations.
- E. FirstLight reserves the right to enter upon and use the Property at any time for any purpose, in its sole discretion, including, without limitation, the right to cut and remove wood, brush and timber in connection with the operation of the FERC Projects set forth in the DEFINED TERMS.
- F. FirstLight also reserves the right to flood and flow water upon the Property in connection with the operation of the Project. By accepting this License, Licensee releases FirstLight from any and all liability for damages to Licensee's property caused by FirstLight's entry and use of the Property or by exercise of its right to flood and flow water.

8. INDEMNIFICATION.

Licensee hereby agrees to defend, release, indemnify, protect and hold harmless FirstLight, its affiliates, successors and assigns, their lessees and licensees and all other lawful occupants of the Property from and against any and all loss, cost, damage, or expenses, including attorney's fees, arising out of Licensee's Use or occupancy of the Property, including without limitation all claims or suits for loss of or damage to: (i) property of any description (including without limitation Licensee's property) or natural resources, including but not limited to damages alleged by other riparian owners, or (ii) personal injury, sickness or death of any person, including without limitation Licensee and its employees, agents, invitees, contractors and guests. Any future contamination of soil or groundwater or violation of environmental laws shall be the responsibility of the party causing the contamination or the violation of environmental laws.

9. LICENSEE'S WARRANTIES.

Licensee warrants that (i) its use of the Property and adjacent waters covered by this License shall not endanger health, create a nuisance, or otherwise be incompatible with overall Project recreational use, and (ii) it shall take all reasonable precautions to ensure that the construction, operation and maintenance of all structures, improvements and facilities authorized by this License will occur in a manner that protects the scenic, recreational, and other environmental values of the Project, and (iii) it shall not unduly restrict public access to Project lands and/or waters; and (iv) it will undertake all reasonable measures to ensure that debris, litter, bottles and any other materials are not thrown, dumped or otherwise deposited into the Project waters and will promptly clean up any such items that are in the Project waters and are traceable to its operations.

10. INSURANCE.

- A. For as long as this License is in effect, and as a condition of obtaining access to and use of the Property, Licensee must provide to Licensor a certification of liability insurance coverage with respect to the Facility on Acord form 25 or its equivalent, evidencing commercial general liability insurance, with limits of at least \$1,000,000 per occurrence aggregate for bodily injury and property damage. The insurance certificate must identify the location of the Property.
- B. Where commercial general liability insurance is not available to Licensee, Licensor will accept a homeowner's insurance personal liability rider with limits of at least \$1,000,000 which names the Facility address as the insured location. In this case, a copy of the policy will be provided as proof of insurance.
- A. All insurance policies required to be maintained by Licensee pursuant to this License shall be endorsed to: (i) name Licensor, its directors, officers, employees and affiliates as additional insureds with respect to any and all third party bodily injury and/or property damage; (ii) require that the insurer endeavor to provide at least thirty (30) days written notice to Licensor prior to any cancellation or material change in any insurance policy; and (iii) provide a waiver of subrogation in favor of Licensor.
- B. Licensee shall guaranty and ensure that its contractors, subcontractors, agents or representatives performing work or services on the Property have obtained insurance coverages at the limits specified in this License. Licensee will be required to provide evidence of compliance with this section promptly when requested by Licensor. Failure to comply with this section may result in Licensor's revocation of this License.

11. DEFAULT AND REMEDIES.

In the event Licensee: (a) fails to pay when due any required payment due hereunder and such failure is not remedied within five (5) days after receipt of FirstLight's written notice thereof; (b) fails to fully and completely perform in all material respects all terms, conditions, covenants and promises contained in this License Agreement and such default continues for more than or thirty (30) days after notice from FirstLight without cure satisfactory to FirstLight, or such other time acceptable to FirstLight as is necessary for Licensee to cure a non-monetary default; (c) declares bankruptcy or insolvency or files a petition with any court seeking reorganization or debtor's relief; (d) files a petition for the appointment of a trustee or receiver of all or a substantial portion of the Licensee's property; (e) makes an assignment for the benefit of creditors; (f) abandons its Use of the Property and/or the Facility; or (g) suffers this License to be taken on writ of execution; then FirstLight, in addition to all other remedies it may have, shall have the immediate right to terminate this License and to require, at its sole discretion, the removal of the Facility and/or all of Licensee's property from the Property.

12. FORCE MAJEURE.

To the extent either party is prevented by Force Majeure, as hereinafter defined, from carrying out, in whole or part, its obligations under this License and such party (the "Claiming Party") gives written notice and details of the Force Majeure to the

other party as soon as practicable, then the Claiming Party will be excused from the performance of its obligations under this License (other than the obligation to make payments then due or becoming due with respect to performance prior to the Force Majeure, but the period of time to pay shall be extended if Licensee is prevented from paying due to Force Majeure). The party affected by Force Majeure will use commercially reasonable efforts to eliminate or avoid the Force Majeure and resume performing its obligations; provided, however, that neither party is required to settle any strikes, lockouts or similar disputes except on terms acceptable to such party, in its sole discretion. The non-Claiming Party will not be required to perform or resume performance of its obligations to the Claiming Party corresponding to the obligations of the Claiming Party excused by Force Majeure for so long as the claim of Force Majeure continues. For purposes of this License, "Force Majeure" shall mean any event or circumstance having an adverse effect upon a party's ability to perform pursuant to this License if such event or circumstance is beyond the party's reasonable control. "Force Majeure" events or circumstances may include but are not restricted to events of the following kinds: an act of God, an act of war, insurrection, riot or civil disturbance, fire, explosion, flood, epidemics, unusually severe and extraordinary weather conditions, acts of governmental authorities, and strikes or lockouts which materially affect, impact or impede obligations under this License.

13. IMPROVEMENTS AND RESTORATION.

- A. Licensee agrees promptly to remove any Facility or other improvements on the Property that become uninhabitable or unsafe, in the judgment of Licensor, during the term of this License. In the event that Licensee fails to do so within thirty (30) days of receipt of written notice from Licensor directing it to remove an unsafe Facility or improvement, Licensor may conduct such removal at Licensee's expense and shall invoice Licensee for all expenses associated with such removal, which invoice shall be due and payable within thirty (30) days of receipt
- B. At the termination or expiration of this License, Licensee shall promptly remove the Facility, if any, and all of Licensee's personal property from the Property at the Licensee's sole cost and risk and restore the Property to a safe condition reasonably satisfactory to FirstLight within thirty (30) days of the date of such termination or expiration. Any personal property remaining on or near the Property following such thirty-day period may, at the sole option of FirstLight, be removed by FirstLight without liability to Licensee with respect to such removed property, and all costs for removal, disposal and restoration shall be paid by Licensee. Licensee will be required to reimburse FirstLight for the expenses of such removal, disposal and any required restoration within thirty (30) days from the date of FirstLight's invoice therefor.

14. GENERAL PROVISIONS.

- A. **NO WAIVER.** Waiver of any provision of this License Agreement, in whole or in part, in any one instance shall not constitute a waiver of any other provision, or a waiver of the same provision, in any other instance; but each provision shall continue in full force and effect with

respect to any other then existing or subsequent breach.

- B. SECTION HEADINGS. Section headings in this License are for convenience only and shall not affect the interpretation of the provisions hereof.

EXHIBIT B
[Landscape Use]

1. USE.
 - A. To maintain landscape plantings on the Property, which may provide a limited vista or view of the River for the benefit of Licensee's abutting property, as shown on **Exhibit "C,"** Landscape Planting Plan, attached hereto and incorporated herein.
 - B. NOTE: The Massachusetts Rivers Protection Act (RPA) of 1996 prohibits new vegetation cutting or pruning, or construction of structures or improvements within the Riverfront area which is two hundred feet (200') horizontally from the mean high water line of the River or perennial streams. FirstLight may allow some property maintenance, such as mowing and pruning to continue for lawn and/or non-native plants which were in place on its property prior to the passage of the RPA of 1996; provided, however, that any new/additional property maintenance activities must now comply with RPA regulations. Information on the benefits of Vegetated Buffers is available at: <http://www.mass.gov/eea/docs/dep/water/bufman.pdf>
 - C. Licensee shall have any shoreline electrical system located on the Property inspected by a Massachusetts licensed electrician and provide a written report showing compliance with federal, state and local electrical codes to Licensor on or before the earliest date which is either the first use of the shoreline electrical system in 2020 or May 1, 2020. Submersible irrigation pumps shall be removed and may be replaced with a land based irrigation pump installed by a Massachusetts licensed electrician. Other examples of shoreline electrical systems to which this requirement applies include, but are not limited to, dock lighting or outlets.
2. DEEDED RIGHTS.

NONE
3. FACILITY.

None.
4. CONDITIONS AND RESTRICTIONS.
 - A. Licensee shall:
 - i. be solely responsible for any erosion on the Property caused or exacerbated by the Facility or Use of the Property. In the event that FirstLight determines, in its sole discretion, that erosion within one-hundred feet (100') of the Facility or Use on the Property was caused or exacerbated by the acts of the Licensee and Licensee fails to adequately remedy or repair such erosion (the "Erosion Repair") to the reasonable satisfaction of FirstLight within thirty (30) days of FirstLight's notice thereof, then FirstLight may conduct such Erosion Repair at Licensee's cost and expense, and any such charge shall be due and payable to FirstLight within thirty (30) days of the date of the invoice therefor. In addition, Licensor may require

Licensee to plant and maintain native vegetation in order to reduce erosion and runoff from the Property into the Connecticut River, which work shall be performed by Licensee at Licensee's expense.

- ii. comply with any and all reasonable conditions imposed by the Licensor from time to time in writing, as the same may be modified and/or amended from time to time by Licensor. Licensor specifically reserves the right to remove unauthorized contractors from the Property and shall not be responsible for any costs to Licensee associated with such removal.
 - iii. ensure that all Facilities match the surrounding natural colors on the site and are properly maintained and neat in appearance at all times and keep all portable personal property (e.g. lawn chairs) inside structures or off site when Licensee is not occupying the Property.
 - iv. where feasible, maintain a twenty-five (25) foot wide un-mowed buffer zone adjacent to the river (the "Buffer Zone"), excepting only a maximum six (6) foot wide mowed path to Licensee's dock (if any). Licensee may selectively prune up to thirty-percent (30%) of woody growth to a height of four (4) feet to maintain views. Pruning should be staggered at different heights and spaced across the riverfront to mimic natural growth. In the event that dock installation, repair or removal by Licensee requires an area larger than the six (6) foot wide mowed path, Licensee shall obtain the written approval of Licensor prior to conducting any additional work in the Buffer Zone that may be necessary for dock repair or removal.
 - v. store docks for the winter outside of the Buffer Zone unless Licensor grants permission to Licensee in writing to do otherwise, which permission may be granted or withheld in Licensor's sole discretion.
 - vi. have all exterior lighting pre-approved by Licensor and have any shoreline electrical systems inspected by a Massachusetts licensed electrician and report compliance with federal, state and local electrical codes to Licensor on or before the License Commencement Date. Submersible irrigation pumps shall be removed and may be replaced with a land based irrigation pump installed by a Massachusetts licensed electrician. Other examples of shoreline electrical systems to which this requirement applies include, but are not limited to, dock lighting or outlets.
 - vii. encourage the growth of native species by selective pruning of invasive vegetation species. If planting occurs on Property, only native species may be used. FirstLight also encourages the removal of non-native invasive species and replacement with native species; and
 - viii. immediately cease all work on Licensor's property upon notification from Licensor of a license violation.
- B. Except to the extent expressly permitted in this License, Licensee shall not undertake or permit without the prior written consent of Licensor:

C. Licensee shall perform such work, or cause it to be performed, in a good and workmanlike manner and at Licensee's sole cost and expense, and shall inform Licensor once all such work is complete. If Licensee fails to conduct and pay for such work, then Licensor may conduct such work and Licensor may charge Licensee (i) the actual cost incurred by Licensor for such work to Licensee, or (ii) a reasonable amount for the time, materials and equipment used by Licensor for such work if the work is performed by Licensor's employees. Any such charges shall be due and payable to Licensor within thirty (30) days of the date of the invoice therefor. In no event shall Licensor be responsible for damage caused by trees, shrubs, timber or vegetation to any Facility or person on the Property, and Licensee shall bear all costs associated with removal of timber, shrubs or vegetation in the event that Licensor grants written approval for such removal.

5. TERM.
